

What is the Sports Premium?

The PE and sports premium are designed to help primary schools improve the quality of the PE and sport activities they offer their pupils. The funding is jointly provided by the Departments for Education, Health and Culture, Media and Sport; it comes directly to primary schools to spend on improving the quality of sport and PE for all their children. The funding can only be spent on sport and PE provision in schools.

P.E. and Sport Premium Funding Report – Summer 2022

For the academic year September 2021 to July 2022 the school will receive £19140 in Sport Premium Funding plus £11,862.18, which was carried forward from the previous year. This gave us a total of £31,002.18. Of this we have spent £30,405.29.

We must use the funding to make additional and sustainable improvements to the quality of Physical Education, Sport and Physical Activity (PESPA) on offer to pupils at Wilnecote Junior Academy.

This means we will use the premium to:

1. To develop or add to the PeSSPA already in place in school (referring to the aims below)
2. To make improvements now for future pupils

The 5 key indicators where improvements should be seen are:

1. The engagement of all pupils in regular physical activity, aiming for 30 minutes a day within school time.
2. The profile of PE and sport is raised across the school as a tool for whole school improvement.

3. Increased confidence, knowledge and skills of all staff in teaching PE and sport.
4. Broader experience of a range of sports and activities offered to all pupils.
5. Increased participation in competitive sport.

The National Curriculum aims are for all children:

- To be physically active, working towards a target of 30 minutes activity during and after the school day (excluding general play times)
- To excel in a broad range of activities
- To engage in competition
- To lead healthy lifestyles

We aim to do meet the curriculum expectations with the help of the Sport Premium Funding by providing:

- A more inclusive curriculum
- A growth in traditional and alternative sports
- Improvements in our partnership work with other schools
- Creating links with other subjects that contribute to pupils' overall achievement and their greater social, spiritual, moral and cultural skills
