Plants have different scents. When we are back in school, we will have a look at some different herbs. Have you got any herbs at home? What herbs have you heard of/seen before?

Watch the video to explore some different herbs.

If you have explored herbs before, how did the herbs feel, smell and taste (where appropriate)?

Optional Task:

Ask your grown up for permission!

Play a tasting game to explore your different senses. I used to love this game when I was younger.

You will need:

- Different foods
- Blind fold
- Paper for recording

Ask your grown up to blind fold you and give you different foods to explore.

What does the food taste like?

What does it smell like?

What does it taste like?

Does it make a sound when you eat it?

Can you guess the food?

Finally... remove the blindfold, what does it look like?
