

19th March – Friday topic learning

Sunday, March 14, 2021 5:52 PM

It's Friday afternoon - we have had a great week learning about the Space Race and the shape of the Earth.

Today we will be learning about a famous person from History and how his thinking still applies today.

Please remember to read through all of the instructions, look at all the slides and pictures and try to answer all questions - as usual if it's in **red coloured text**, you will need to put an answer.

Friday, 19th March 2021
History - Who was Isaac Newton?
Skill - Explaining why people are significant

STEPS TO SUCCESS
I can explain who Isaac Newton was.
I can explain why he was a significant figure.
I can retell the story of his discovery.

Activating Prior Knowledge

What significant person have we already learnt about?

Q - What can you remember about Isaac Newton from Year 4?

A -

Watch the video about Isaac Newton

<https://www.bbc.co.uk/teach/class-clips-video/discovering-the-work-of-sir-isaac-newton/zr4mf4j>

(If the link doesn't automatically work when you click on it - copy and paste it into your device/web browser)

History - Who was Isaac Newton?

Skill - Explaining why people are significant

Who was Isaac Newton?

Why was he significant?

How could you present what you know about Isaac Newton?

Challenge

Can you present what you know about Isaac Newton.

How could this look on your page?

Writing?

Diagrams?

You can watch the video again and make notes, you can also do your own research and find out more facts if you would like to.

You can produce a page like the one below to present your facts - or you could write a biography of Isaac Newton, or you could create a poster or Powerpoint on your computer.
