

Discuss this with your grown up and pick a comment from each column to write your answer for each question.

Column 1	Column 2	Column 3
Exaggeration is used for example...	At the beginning he was "feeling slightly sick" and towards the end "he wiped his nose miserably on his sleeve"	This makes information memorable for the reader as repeatedly using the same letter allows them to remember the information with ease.
Hiccup's mood changed throughout the story as...	"Hiccup Horrendous Haddock the third"	Allows the reader to imagine what Berk is like and gives them a good idea of what the beach is like.
Alliteration is used for example...	"the bleakest spot"	His mood had changed from feeling sick to feeling miserable and this links to the rest of the text as the events happening throughout the text impact his mood.
