Art: Can you create your world?

Skill: Create a 3D sculpture

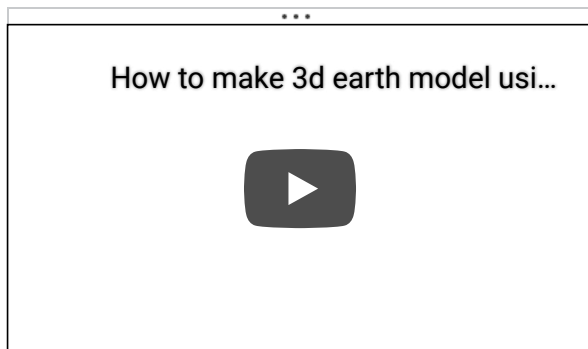

You are going to make a 3D model of your innovated world. Reflect on yesterday's learning and think about what features you will need to include to represent your futuristic Earth.

You can be creative using recycled materials or you can use the instructional videos below:

You could design and make it out of paper:

[How to make 3d earth model using paper || 3d half earth model for school project](#)

If you have a ball you could do this design:

<https://www.youtube.com/watch/tSR-bGBdXVs>

Once you have made it you can send it in by taking a photo of it.
