Then I thought let's see if we can create some crafts.

Remember ...use the materials you have

at home.

Click on the link or follow the pictures below.

You will need

- Paper/card
- Glue
- Pencils and markers
- A smile :0)

First draw the body and the shapes below.

You can use these as a template or colour them in if you don't have coloured paper.

You probably won't have googly eyes, don't worry you can draw them.

Now assemble your pieces together.

Challenge time.

You can use yours to make a picture or turn them into a card.

Well done to you all.

I hope you had fun.
